

We are responsive to the  
needs of our  
patient

---

**Connecticut Chiropractic Specialists** delivers a comprehensive and integrated approach to your recovery. Our team works together closely with your primary care physician to provide you with the best experience possible. From a simple strain to a post surgical condition, we provide the best rehabilitative care in a pleasant, healing environment.

We extend our services to any individual in need of treatment of: musculoskeletal injuries and diseases, pre and post surgical therapy, neurological conditions, motor vehicle trauma and work related injuries.

---

### What is Chiropractic?

Chiropractic is a drug-free, non-surgical science and as such, does not include pharmaceuticals or invasive surgery.

Doctors of Chiropractic are physicians who consider patients as an integrated being and give special attention to the physiological and biochemical aspects including structural, spinal, musculoskeletal, neurologic, vascular, nutritional, emotional and environmental relationships.

Chiropractors provide conservative management of pain including, but not limited to, back pain, neck pain, and headaches.

**Connecticut Chiropractic Specialists LLC** is a small locally owned company that understands that seeking treatment can be a difficult and at times an inconvenient process. With everyone's busy lifestyles and the rising cost of health care it can create a lot of concern when you are trying to rehabilitate an injury. The staff here at *CCS* work hard to try and reduce that concern by accommodating the needs of each individual patient. We consider ourselves a "Patient Driven" company, understanding that if a patient leaves satisfied that is the best advertisement.

---

*Our Philosophy is to provide individual attention by our comprehensive and diversified healthcare team for your expedient recovery.*

**Joseph Giannattasio, DC** earned a Bachelor of Science degree from Northern Arizona in 1994. He then received a Doctor of Chiropractic Degree in 2001 from the National College of Chiropractic in Chicago and completed post-graduate study in acupuncture.

Joseph's clinical training was at the National University of Health Sciences student clinic. Dr. Giannattasio has developed good working relationships with medical doctors to enable a system of cooperative care to optimally benefit his patients.

Dr. Giannattasio has seven years of personal injury and workers compensation experience. He specializes in management of musculoskeletal injuries and sports related injuries, utilizing manual techniques, clinical nutrition and acupuncture to maximize patient healing.

Dr. Giannattasio is an avid outdoors man who loves fishing, hiking, camping and spending time with his family.

**Dr. Frank J. Forte** graduated from New York College of Chiropractic in December of 1984. The following year he relocated to Milford and opened up his practice in the Walnut Beach Shopping Center in Devon before relocating to his current location in June of 1991.

Dr. Forte was a founding member of the Devon West Shore Business Association their primary focus was to improve the Devon area for both citizens and business owners. In addition, Dr. Forte served as an Alderman for the City of Milford from 1987 through 1989.

In 2002 Dr. Forte joined forces with Dr. Vincent LoRicco and together they have since opened eight additional chiropractic and physical therapy centers from Ansonia to Meriden.

Dr. Forte enjoys participating in triathlons, marathons and mountain biking. Dr. Forte proudly volunteered his time and expertise following September 11th at the World Trade Center for several months assisting the police officers, fireman and countless volunteers by providing chiropractic treatment at St Paul's Chapel. Annually he volunteers his time as a health care provider with the sports medicine team for the New York Road Runners Club at the finish line of the New York City Marathon.
